

Homebound Delivery

Homebound Delivery is available to members of the Petawawa Public Library that live in Petawawa, who are unable to come to the library to pick-up items. Anyone confined to their home or care institution due to a serious illness, physical or visual disability can use this program.

Materials from our collection are selected by qualified staff and volunteers based on your preferences and requests. Volunteers pick-up and deliver library materials (books, audiobooks, magazines, etc.) once a month. In poor weather conditions deliveries will be rescheduled by the assigned volunteer.

To register, please fill in the form below. For more information on this program please contact Katelyn Schubert at (613) 687- 2227 ext. 2203 or by email to kschubert@bellnet.ca
